RESOLUTION R -2026 -11

A RESOLUTION OF THE CITY OF LLANO AMENDING THE MASTER FEE SCHEDULE AND REVISING FEES CHARGED FOR VARIOUS SERVICES AND USES PROVIDED OR OFFERED BY THE CITY

WHEREAS, pursuant to Texas Local Government Code § 51.001, the City Council of the City of Llano, Texas ("City Council") has the authority to adopt, publish, and amend a fee schedule that is for the good government, peace, or order of the City of Llano ("City"); and

WHEREAS, the consolidation of fees into a centralized master fee schedule is more convenient for citizens of the City when searching for applicable fees; and

WHEREAS, the adoption of fees by resolution allows the City to operate more efficiently; and

WHEREAS, the City Council finds that it is necessary and proper for the good government, peace, and order of the City of Llano to amend the Code to create a master fee schedule where said fees are adopted by resolution;

WHEREAS, if any section, subsection, sentence, clause, or phrase of this Resolution is, for any reason, held to be unconstitutional or invalid, such holding shall not affect the validity of the remaining portions of the Resolution. The City Council of the City of Llano hereby declares that it would have passed this Resolution and each section, subsection, sentence, clause, or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional or invalid.

WHEREAS, this Resolution shall take effect immediately from and after its passage and publication as may be required by governing law.

WHEREAS, it is hereby officially found and determined that the meeting at which this Resolution was passed was open to the public as required and that public notice of the time, place, and purpose of said meeting was given as required by the Open Meetings Act, Chapter 551 of the Texas Government Code.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LLANO, TEXAS, THAT:

The Fee Schedule of the City of Llano, Texas, is amended as set forth in **Exhibit A**, attached hereto and incorporated herein by reference, such changes to be effective with the passage of this Resolution.

PASSED AND APPROVED on this the 2nd day of March 2026.

February 17, 2026

Mr. DeGraffenried

In conformance with the terms of our Agreement for Solid Waste Hauling and Disposal Services, we hereby convey the rate adjustment calculations for effect on March 1, 2026.

The adjustment is based on the annual percentage change in the Bureau of Labor Statistics' Consumer Price Index, All Cities Average. The pertinent index measures and calculated change percentage are provided herein:

CPI-U

Nov 2024 – 315.493

Nov 2025 – 324.122

% Change – 2.73%

Data Source: <https://data.bls.gov/>

In accordance with these calculations, we must apply a 2.73% upward adjustment effective March 1, 2026. The new residential unit rate would be \$15.19 per month. Please note this residential rate, along with the new rate sheet accompanying this letter, have the 5% franchise included in this pricing.

We are proud to serve this community and its residents. If you have any questions or comments regarding this matter, please let me know.

CITY COUNCIL AGENDA

3/2/26

Agenda Item: H4

Item/Subject: Discussion and possible action to approve \$7,894.50 for T-Post Fencing to repair existing outdoor staircase at City Hall.

Initiating Department/Presenter: Finley deGraffenried, City Manager

Recommended Motion: Move to approve the proposal from T-Post Fencing in the amount of \$7,894.50 to repair and update the existing exterior staircase.

Background/History: The exterior staircase at City Hall does not currently meet code due to varied riser heights and the spacing of balusters. The repairs and upgrades represent the first of several improvements that Council may consider to include lighting and flatwork.

Findings/Current Activity: The scope of work includes removal and replacement stair treads and one stinger with steel stair tread plates and add vertical bars to existing railing to reduce space between balusters. Treads will have consistent spacing of approximately 6 ¾ inches.

Financial Implications:

Current balance in Repair & Maintenance line is \$8,806 additional funds, to include painting will be required from other accounts.

CITY COUNCIL AGENDA

3/2/26

Agenda Item: H5

Item/Subject: Discussion and possible action to approve \$2, 270.00 for Flawless Painting to repaint the metal stairs at City Hall.

Initiating Department/Presenter: Finley deGraffenried, City Manager

Recommended Motion: Move to approve the proposal to paint exterior staircase at City Hall by Flawless Painting in the amount of \$2,270.00.

Background/History:

Findings/Current Activity: The proposal includes scraping all loose paint, sanding with 100 sandpaper, priming with SW Red Oxide metal primer and applying two coats of SW DTM Acrylic.

Financial Implications:

The remainder of the Repair and Maintenance budget for Administration will not entirely cover the cost of painting, however; staff believes that other surplus expense lines will be available to cover the costs without an amendment.

CITY COUNCIL AGENDA

3/2/26

Agenda Item: H6

Item/Subject: Discussion and possible action for approval adding video to council chambers.

Initiating Department/Presenter: Kelli Tudyk, Alderwoman

Recommended Motion: Council is asked to provide additional input and direction. If proposals are received prior to the meeting, Council could consider engagement with one of the firms.

Background/History: Staff has contacted 3 security businesses to gather information and quotes to report to council. Staff will also review additional needs including streaming platform, software/hardware, and staff time and expertise necessary to implement the project.

Findings/Current Activity:

Associated Information:

- There will be a financial cost to this pending quotes

CITY COUNCIL AGENDA

3/2/26
Agenda Item: H7

Item/Subject: Discussion regarding Council input and direction for scheduling water workshops, seeking stakeholder input on water issues, discussing water rates, and assessing water improvement and capacity projects.

Initiating Department/Presenter: Finley deGraffenried, City Manager

Recommended Motion and Background: Discussion only, however; staff seeks Council input and direction to further the discussion on the City’s water supply and capacity issues. Individual Council members have offered suggestions including formation of a Stakeholder Group, conducting Council Workshop sessions, conducting Project Scoping sessions, inviting engineering consultants and water counsel to a future meeting, and reviewing water rates in light of the pause on a Firm Water Contract.

Rates should also be reviewed in light of future needs and projected increases. FY 2026 Projections, based on Q1, are noted by the Finance Director:

Utility Fund:

Water and electricity revenues are primarily collected during the summer

The Utility fund is budgeted for a \$489,744 loss

The adjustments that will be made to the utility fund are as follows:

Water distribution capital – decrease \$174,000 – not purchasing a truck

Water Plant new debt for CIP – decrease \$161,698 – we are using the interest from the grant to make the payments on the Dam Project loan

Sewer collection capital – increase \$80,000 for legend hills lift station that was approved on 7/1/25 but was not carried forward (this could be more once it is bid out)

Collection station revenues – decrease approximately \$30,000

This will make us have an approximate \$264,000 loss unless the new water rates cause more conservation or we have a wet mild summer.

The City’s Rate Consultant, Dan Jackson of Willdan Consulting, provided projections for FY 2027 rates, calling for Volume Rates to increase.

Volume Rate/1000 Gallons

	FY 2026	FY 2027
0-6000	\$5.00	\$6.50
6001-20000	\$10.00	\$13.00
20001 Above	\$15.00	\$19.50

Findings/Current Activity:

Financial Implications:

CITY COUNCIL AGENDA

3/2/26

Agenda Item: H8

Item/Subject: Discuss and consider utility consulting agreements with A Sign from Above.

Initiating Department/Presenter: Finley deGraffenried, City Manager

Recommended Motion: Council is asked to consider a motion to approve a consulting agreement with A Sign from Above, Josh Becker, on a call/consult basis. Council is also asked to consider an agreement term of 6 months with options to extend if agreed to by the parties.

Background/History: Mr. Becker is a qualified professional Water and Wastewater operator holding double A certifications. Mr. Becker has operated the City of Llano's systems for over 14 years. Staff believes Josh can provide expertise based on technical knowledge and experience with the system, likely saving staff time and eliminating the need to seek other professional advice should the need arise.

Findings/Current Activity:

Financial Implications: Precise budget impact has not been determined, however; the decision to utilize the agreement may result in savings of staff time in the event of need. The per hour fee is \$150.00.

UTILITY CONSULTING SERVICES

**Josh Becker, A Surface Water | A Wastewater Treatment | Customer Service Inspector
Tow, Texas**

SECTION 1 — COVER LETTER

Date: 2/18/2026

To: City of Llano

Thank you for the opportunity to provide water and wastewater consulting services to the City of Llano. With dual A-level licenses and 23 years of experience in treatment operations, compliance, and emergency response, I offer dependable support to ensure the City maintains safe, reliable, and fully compliant utility operations.

I am available for hourly consulting, project-based work, or monthly ORC coverage depending on the City's needs.

Sincerely,
Josh Becker
ASA – Utility Consulting

SECTION 2 — SCOPE OF SERVICES

1. Operational Oversight

Consultant provides operational oversight to support the City's water and wastewater treatment facilities in maintaining safe, reliable, and compliant operations. Oversight may be performed on-site or remotely and includes routine review, process evaluation, and technical guidance.

Operational oversight services may include, but are not limited to:

A. Treatment Process Monitoring & Optimization

- Review of daily operational data, logs, and trends
- Evaluation of process control parameters (turbidity, residuals, DO, MLSS, SVI, etc.)
- Recommendations for chemical feed adjustments and optimization
- Monitoring of treatment performance against regulatory and permit limits
- Identification of inefficiencies and opportunities for process improvement

B. Facility Walkthroughs & Equipment Review

- Routine inspection of treatment units, pumps, motors, blowers, and chemical systems
- Verification of proper equipment operation and identification of maintenance needs
- Observation of operator practices and adherence to SOPs
- Review of SCADA alarms, setpoints, and operational history

C. Sampling, Monitoring, and Quality Control

- Oversight of sampling schedules and monitoring requirements
- Verification of proper sampling techniques and chain-of-custody procedures
- Review of laboratory results for accuracy, trends, and compliance risks
- Recommendations for corrective actions when results approach regulatory limits

D. Operational Decision Support

- Guidance on process adjustments during changing conditions (weather, demand, influent loading)
- Support during transitions between operational modes
- Evaluation of alternative treatment strategies
- Assistance with troubleshooting operational anomalies

E. Documentation & Recordkeeping Oversight

- Review of operator logs, MORs, DMRs, and internal records
- Verification that required documentation is complete, accurate, and compliant
- Recommendations for improving documentation practices and data integrity

F. Coordination With City Staff

- Regular communication with operators, supervisors, and City leadership
- Support for operator development and training
- Participation in operational meetings as requested
- Guidance on staffing, scheduling, and operational priorities

G. Proactive Risk Identification

- Identification of emerging operational risks or vulnerabilities
- Recommendations for preventive maintenance or operational adjustments
- Early detection of trends that may lead to compliance issues
- Support for contingency planning and operational resilience

H. Operational Availability

Consultant will make reasonable efforts to remain available for operational questions, review of data, and guidance as needed.

Operational oversight may be performed DOR (Depending on Responsibility) and system conditions.

2. Compliance & Reporting

Consultant provides comprehensive compliance oversight and reporting support to ensure the City meets all applicable state and federal regulatory requirements. Services may be performed on-site or remotely and include preparation, review, coordination, and submission of required documentation.

Compliance and reporting services may include, but are not limited to:

A. Routine Regulatory Reporting

- Preparation, review, and submission of:
- Monthly Operating Reports (MORs)
- Discharge Monitoring Reports (DMRs)
- Daily Operational Reports
- Annual Operational Reports
- Surface Water Monthly Reports
- Wastewater permit-required reports
- Verification of data accuracy, completeness, and regulatory alignment
- Coordination with laboratories to ensure timely receipt of analytical results
- Tracking and management of reporting deadlines

B. Compliance Monitoring & Documentation

- Review of operational data for compliance with:
- 30 TAC 290 (drinking water)
- 30 TAC 217 (wastewater)
- Backflow and CSI Program Assistance
- TPDES permit requirements
- Groundwater Rule, SWTR, DBP Rule, and other applicable federal regulations
- Identification of trends that may lead to violations
- Recommendations for corrective actions before exceedances occur
- Oversight of sampling schedules, frequency, and required locations

C. Enforcement Response & Corrective Action

- Assistance with Notices of Violation (NOVs) and Notices of Enforcement (NOEs)
- Development of Corrective Action Plans (CAPs)
- Preparation of written responses to TCEQ or EPA inquiries
- Coordination with TCEQ regional offices during enforcement processes
- Documentation of corrective measures and follow-up actions

D. Inspection Preparation & Support

- Preparation for TCEQ sanitary surveys and wastewater compliance inspections
- Engineering reviews or special investigations
- On-site support during inspections as requested
- Post-inspection follow-up, documentation, and corrective action planning

E. Permit Management & Regulatory Coordination

- Review of permit requirements and operational conditions
- Assistance with permit renewals, amendments, and modifications
- Coordination with engineering firms for technical submittals
- Communication with TCEQ regarding compliance status, operational changes, or system improvements

F. Public Notification & Consumer Communication

- Preparation and review
- Boil Water Notices (BWNs)
- Public Notice Tier 1, 2, and 3 communications
- Consumer Confidence Reports (CCRs)
- Public education materials for lead and copper
- Ensuring notifications meet regulatory formatting and distribution requirements

G. Recordkeeping & Data Integrity

- Organization and maintenance
- Sampling logs
- Chain-of-custody forms
- Calibration records
- Operational logs
- Compliance documentation archives
- Recommendations for improving data management systems and documentation practices

H. Compliance Availability

Consultant will make reasonable efforts to remain available for compliance questions, document review, and regulatory guidance as needed.

Compliance support may be performed DOR (Depending on Responsibility) and system conditions.

3. Operator-in-Responsible-Charge (Optional)

If the City elects to engage Consultant as the Operator-in-Responsible-Charge (ORC), Consultant shall provide regulatory oversight, operational guidance, and compliance accountability in accordance with Texas Commission on Environmental Quality (TCEQ) requirements. ORC services ensure the City maintains continuous compliance with applicable state and federal regulations.

ORC services may include, but are not limited to:

A. Regulatory Oversight & Accountability

- Serving as the designated ORC for the City's water and/or wastewater systems
- Maintaining compliance
 - 30 TAC 290 (Public Drinking Water)
 - 30 TAC 217 (Wastewater Treatment)
 - TPDES permit requirements
 - Applicable federal regulations (SWTR, DBP Rule, GWR, etc.)
- Ensuring that required monitoring, sampling, and reporting activities are completed
- Providing regulatory interpretation and guidance to City staff

B. Operational Review & Process Control

- Reviewing operational data, logs, and trends to ensure treatment processes remain stable
- Evaluating process control parameters and recommending adjustments
- Monitoring system performance to prevent compliance violations
- Providing guidance during process upsets, seasonal changes, or operational transitions

C. Documentation & Reporting Oversight

- Reviewing MORs, DMRs, DLQORs, and other regulatory reports prior to submission
- Ensuring documentation is complete, accurate, and compliant
- Verifying that sampling schedules, monitoring frequencies, and reporting deadlines are met
- Supporting staff in maintaining proper operational records

D. Staff Coordination & Support

- Providing guidance and direction to operators regarding daily operations
- Supporting staff in understanding regulatory requirements and operational priorities
- Participating in operational meetings, safety meetings, or briefings as requested
- Assisting with onboarding or transitioning new operators

E. Communication & Regulatory Liaison

- Serving as a point of contact for TCEQ regarding operational or compliance matters
- Coordinating with laboratories, engineering firms, and contractors as needed
- Assisting with regulatory inquiries, inspections, and follow-up actions
- Providing technical explanations to City leadership and council when requested
- Attend Regional and State meetings of the City's behalf

F. Emergency & Incident Support (ORC Role)

- Providing guidance during:
 - Boil Water Notices
 - Loss of pressure events
 - Equipment failures
 - Process upsets
 - Permit exceedances
- Supporting staff in determining corrective actions and documentation requirements
- Coordinating with TCEQ during emergency events

G. Expected ORC Time Commitment (DOR)

ORC services are provided as a responsibility-based retainer, not an hourly service. Actual time on-site varies DOR (Depending on Responsibility), including system size, operational complexity, staffing levels, and compliance conditions.

Typical Texas ORC oversight includes:

- Small systems: 2–6 hours/month (DOR)
- Medium systems: 6–12 hours/month (DOR)
- Larger small systems: 12–20 hours/month (DOR)

These ranges may increase temporarily during periods of operational instability, staffing shortages, or regulatory action.

H. Boundaries & Limitations of ORC Role

To ensure clarity and prevent scope creep, the ORC role does not include:

- Performing daily operations or routine operator duties
- Providing 24/7 on-site presence
- Performing maintenance or repairs
- Guaranteeing system performance beyond Consultant's control
- Assuming liability for City-owned infrastructure, staffing decisions, or pre-existing compliance issues

Additional work outside routine ORC oversight is billed at hourly rates listed in Section 4.

I. ORC Availability

Consultant will make reasonable efforts to remain available for operational and compliance questions, review of data, and guidance as needed.

Emergency response and after-hours support are billed according to Section 4.

4. Staff Support & Training

Consultant provides staff support and training services to assist the City in developing competent, confident, and compliant utility personnel. These services help ensure continuity of operations, reduce regulatory risk, and strengthen the City's internal capacity.

Staff support and training services may include, but are not limited to:

A. Operator Development & Skill Building

- On-site, hands-on training for water and wastewater operators
- Instruction on treatment processes, equipment operation, and troubleshooting
- Guidance on sampling techniques, laboratory coordination, and chain-of-custody procedures
- Training on interpreting operational data, trends, and compliance indicators
- Mentorship for new or inexperienced operators

B. Standard Operating Procedures (SOPs) & Documentation

- Development and revision of SOPs for treatment, distribution, and collection systems
- Creation of step-by-step operational guides for routine tasks
- Training staff on proper documentation practices, logs, and reporting requirements
- Ensuring staff understand regulatory expectations tied to documentation

C. Safety & Emergency Preparedness

- Safety protocol training
- Development of emergency response procedures
- Tabletop exercises

D. Operational Coaching & Decision Support

- Guidance on daily operational decisions and process adjustments
- Support during transitions between operational modes (seasonal changes, maintenance shutdowns)
- Coaching on SCADA interpretation, alarm response, and system optimization
- Reinforcement of best practices for treatment efficiency and regulatory compliance

E. Staffing Support & Leadership Assistance

- Assistance with onboarding new operators
- Recommendations for staffing levels, shift structure, and task assignments
- Support for job descriptions, performance expectations, and role clarity
- Participation in staff meetings, leadership briefings, or council workshops as requested

F. Communication & Coordination

- Facilitating communication between operators, supervisors, and City leadership

- Helping staff understand regulatory requirements and operational priorities
- Providing technical explanations for non-technical audiences when needed

G. Training Availability

Training may be provided on-site or remotely depending on the City's needs.

Training support may be performed DOR (Depending on Responsibility) and system conditions.

5. Emergency & Incident Response

Consultant provides emergency and incident response services to assist the City during unplanned events, operational disruptions, or regulatory-triggered situations. Emergency response services are billed at the rates listed in Section 4 and are subject to the minimum billable times stated therein.

Emergency and incident response may include, but is not limited to:

A. Regulatory Emergencies

- Assistance during Boil Water Notices (BWN)
- Determining triggers and required public notifications
- Coordinating sampling and laboratory testing
- Drafting and reviewing public communication
- Response to TCEQ enforcement actions, including:
 - NOVs, NOEs, and compliance deadlines
 - Corrective Action Plans (CAPs)
 - Coordination with TCEQ regional offices

B. Operational Emergencies

- Response to equipment failures
- Pump, motor, blower, or chemical feed system failures
- SCADA or instrumentation malfunctions
- Loss of disinfection or treatment capability
- Process stabilization during:
 - High turbidity events
 - Loss of residual
- Upset conditions in wastewater treatment
- Sludge handling or clarifier issues

C. Water Quality & Public Health Events

- Loss of pressure events
- Main breaks
- Contamination concerns
- Disinfection byproduct exceedances
- Guidance on sampling, documentation, and public notification

D. Wastewater Collection & Treatment Incidents

- Sanitary sewer overflows (SSOs)
- Lift station failures
- Control panel diagnostics
- High influent loading events
- Permit exceedances

- Assistance with:
 - SSO reporting
 - Root cause analysis
 - Mitigation and prevention strategies

E. Communication & Coordination

- Coordination with:
 - City staff
 - TCEQ regional offices
 - Laboratory services
 - Engineering firms
 - Emergency contractors
- Preparation of required documentation, logs, and follow-up reports

F. Availability

Consultant will make reasonable efforts to respond promptly to emergency requests.

After-hours, weekend, and holiday responses are billed at the after-hours rate and subject to the minimums listed in Section 4.

6. Administrative Support

Consultant provides administrative and management support to assist the City in planning, documenting, budgeting, and coordinating utility operations.

A. Regulatory & Compliance Administration

- Preparation and organization of compliance documentation
- TCEQ correspondence
- Maintenance of operational logs
- Tracking sampling schedules and deadlines

B. Budgeting & Financial Planning

- Assistance with annual budgets
- Cost forecasting
- Evaluation of operational cost drivers
- Capital improvement recommendations

C. Capital Improvement & Project Coordination

- Review of engineering reports
- Coordination with engineers and contractors
- Technical input during planning and construction
- Monitoring project progress

D. Policy, Procedure, and Documentation Support

- SOP development
- Emergency response and safety plans
- Internal policy support
- Council presentation preparation

E. Staff & Leadership Support

- Guidance on operational decisions
- Support for onboarding
- Participation in meetings

F. Communication & Stakeholder Coordination

- Communication with labs, vendors, contractors, and regulators
- Preparation of public-facing materials
- Coordination with other departments

G. Project Oversight

- Monitoring progress of capital improvement projects and operational upgrades

- Reviewing engineering plans, specifications, and submittals
- Providing technical input during design, bidding, and construction
- Coordinating with engineers, contractors, vendors, and City staff
- Observing construction activities for operational impacts
- Verifying completed work aligns with operational and regulatory expectations
- Supporting project closeout and transition to operations
- Advising City leadership on project priorities and risk mitigation

H. Administrative Availability

Administrative support may be performed on-site or remotely.

SECTION 4 — COMBINED ORC + HOURLY SERVICES AGREEMENT

ASA – Utility Consulting

Josh Becker, A Surface Water / A Wastewater Treatment / Customer Service Inspector

1. Parties

This Agreement is made between:

Consultant:

Josh Becker

ASA – Utility Consulting

Tow, Texas

Client:

City of Llano (“City”)

2. Purpose

The City desires to retain Consultant to provide:

- **Water and wastewater operational support**
- **TCEQ compliance assistance**
- **Emergency response**
- **Technical consulting**
- **Operator-in-Responsible-Charge (ORC) services**

Consultant agrees to provide such services under the terms of this Agreement.

3. Scope of Services

A. Operational & Technical Services

Consultant may provide:

- **Water treatment operational support**
- **Wastewater treatment operational support**
- **Water Distribution operational support**
- **Wastewater Collections operational support**
- **Utility Billing operational support**
- **Process troubleshooting and optimization**
- **Chemical feed evaluation and adjustments**
- **Staff training and SOP development**
- **Emergency response and incident support**

- Review of engineering reports and vendor proposals
- Project Oversight as City Representative

B. Compliance Services

Consultant may assist with:

- DLQOR, MOR, DMR, and other TCEQ reporting
- NOV response and corrective action planning
- Inspection preparation and follow-up
- Recordkeeping and documentation review

C. ORC Services (If Selected by City)

If the City elects to engage Consultant as ORC, Consultant shall:

- Provide oversight of treatment operations
- Ensure compliance with 30 TAC 290 & 217
- Review operational data and logs
- Provide guidance to City staff
- Sign regulatory documents as required
- Respond to operational or compliance issues

Expected ORC Time Commitment (DOR)

ORC services are provided as a responsibility-based retainer, not an hourly service.

Typical ORC oversight includes:

- Small systems: approximately 2–6 hours per month on-site (DOR)
- Medium systems: approximately 6–12 hours per month on-site (DOR)
- Larger small systems: approximately 12–20 hours per month on-site (DOR) Contract

These ranges reflect standard Texas ORC practice and may vary based on system complexity, staffing, and compliance conditions.

The ORC retainer covers routine oversight, availability, and regulatory responsibility, including 24/7 accountability for compliance.

Additional on-site work beyond routine oversight is billed at hourly rates listed in Section 4. ORC services are provided under a monthly retainer (see Section 4).

4. Compensation

A. Hourly Rates

- Standard Consulting \$150/hr
- Compliance/Regulatory Consulting \$175/hr
- Emergency Response / Urgent Issues \$225/hr
- After-Hours Callout (5pm–7am) \$300/hr (2-hr minimum)

B. Minimum Billable Time

To ensure consistency and fairness, the following minimums apply:

- Standard hourly work: 1-hour minimum
- Compliance/regulatory work: 1-hour minimum
- Emergency response: 1-hour minimum
- After-hours callout: 2-hour minimum
- Travel time: 1-hour minimum
- ORC retainer: No minimum (flat monthly rate)

C. ORC Monthly Retainer (Optional)

If the City elects ORC coverage:

\$1,500–\$4,000 per month, depending on system size, reporting requirements, and staffing needs.

The retainer covers:

- Routine oversight
- Monthly reporting review
- Availability for consultation
- Signing authority for compliance documents

Hourly rates still apply for:

- On-site work beyond routine oversight
- Emergency response
- Special projects
- Staff training
- Corrective action plans

D. Annual Rate Adjustment

Consultant may adjust rates annually with written notice.

5. Invoicing and Payment

- Consultant will invoice the City monthly.
- Payment is due Net 15.
- Late payments may incur a 5% monthly service charge.
- The City agrees to pay for all hours worked, including travel time and callouts.

6. Term and Termination

This Agreement begins on _____ and continues month-to-month unless terminated by either party with 30 days' written notice.

The City will pay Consultant for all services performed up to the termination date.

7. Independent Contractor Status

Consultant is an independent contractor, not an employee.

The City is not responsible for:

- Taxes
- Insurance
- Benefits
- Tools or equipment

Consultant retains full control over how services are performed.

8. Access and Cooperation

The City agrees to provide Consultant with:

- Access to facilities, records, and staff
- Notice of operational issues or emergencies
- Any required safety equipment or site-specific training
- List of staff with contact information authorized to initiate consultations

9. Liability

Consultant is responsible for the professional quality of services provided.

Consultant is not liable for:

- City-owned infrastructure failures
- Staff actions outside Consultant's control
- Pre-existing compliance issues unless contracted to correct them

Neither party is liable for indirect or consequential damages.

10. Entire Agreement

This Agreement represents the entire understanding between the parties and may only be modified in writing and signed by both parties.

CITY COUNCIL AGENDA

3/2/26
Agenda Item: H9

Item/Subject: Discuss and consider use of the JLK for regional Little League Coaches’ meetings on March 15, 2026.

Initiating Department/Presenter: Finley deGraffenried, City Manager

Recommended Motion: Council is asked to consider discounting the fee for use of the JLK Event Center for regional Little League Coaches’ meetings.

Background/History: Mr. Allen Hopson, on behalf of the Little League program has requested the use of the JLK Event Center on March 15, 2026, from 2:00 pm to 6:00 p.m. to conduct regional coaches’ meetings. The Event Center is available, however; the arena and concession area will be in use. Mr. Hopson will be in attendance to answer questions.

Re: Manager's Report
Date: 27 February 2026

Budget The Finance Director has developed the attached budget calendar for FY 2026-2027. In addition to staff targets, Council will also begin the process of setting priorities and providing input while initial year-end projections and budgets are being developed. Although Council will dictate budget priorities, staff anticipates weight being given to utility rates, capital items and compensation.

Project Management Staff has continued to gather resources and information related to Council's direction to formalize Project Management policies and procedures. Draft chapters may include project definitions; procurement; professional procurement; contracting, pre-construction, submittals and Notice to Proceed; observation and inspection, standard specifications; and payment and close-out.

Historic Marker Tony reports that a local historic designation has been granted by the Llano County Historical Commission for the Lions/Fire Hall Baseball Field. Several former players, now in the 80's, wanted to recognize Coaches from the time and their families. Tony indicated a formal dedication would be held sometime this Spring. As a side note, members of the Little League Board are continuing to make repairs to the field for use this Spring.

Sewer Averaging City staff have been fielding calls regarding high utility bills this past January and wanted to remind Council that December, January and February are sewer averaging months. Sewer averaging is the billing methodology that averages monthly water use over Winter months, when normally no outdoor irrigation takes place. Like our other utilities, sewer rates include a base charge and a tiered use charge based on water used, on average in the Winter. Many of the calls staff fielded on utility bills were related to the higher cost of water, but also related to increased electric consumption as a result of extreme cold weather January 24-31.

LEAF Public safety staff have meet with LEAF organizers regarding their event March 26-29 at Grenwelge Park. Police, Fire and EMS will have access throughout the Park via Oatman, Haynie and Bayley Streets. EMS may be staged at the event at Haynie and Ford Streets. Organizers anticipate several thousand in will be in attendance, with set-up and preparations beginning March 20th. Organizers indicated they will communicate with area businesses and residents.

Staff Meetings With the retirement of Josh, Staff will be meeting with utility, park and street staff this week to discuss the transition of duties. Blake Schulze will be assuming, on an interim basis, supervision of Parks, Citizen Collection Station and will be assisting Brittney at JLK. In the Water/Wastewater departments, for the immediate future, Plant personnel and field personnel will report to the City Manager. If staff feel it necessary, an Interim team manager may be appointed. Staff has been modifying a draft Organizational Chart for Council consideration and will now include both an interim and full Chart at the next meeting for Council consideration.

Conex Land uses change overtime which normally requires amendment to local land use policy and zoning regulations. Staff has met regarding the somewhat normalized use of conex boxes/sea containers. Because of cost and availability, they have been showing up around town and being used primarily as storage buildings. Staff anticipates amendment to the zoning regulations to define and regulate their use in town.

Drainage Staff met, virtually, with engineers from Steger Bizzell to discuss drainage projects that were scheduled for design in 2025. Areas for projects include Oatman at Sandstone; Main at Bayley; and Flag Creek Drive at California. The city does have balance in the Street Bond, with the allowed purpose of drainage, for use on these projects providing that boundary surveys can be completed.
